

PROPF PROPF2E—12E FIBREGLASS PLATFORM LADDER

Designed for industrial work sites in mind, the Ranger PROP Series fibreglass platform ladders have a duty rating of 150kg and feature a safety guard rail to encourage proper use.

The large platform provides a secure and comfortable work area. With a 800mm high handrail, waist high support and a solid platform to stand on.

Work becomes easier and more comfortable, increasing productivity and efficiency. Made of robust non-conductive fibreglass suitable for electrical applications.

Industrial Duty Rated.

Designed for use on industrial work sites where greater strength and safety is required.

- › Non-conductive fibreglass construction so workers are isolated from the ground making the product suitable for electrical work where electrical hazards exist.
- › Lightweight yet durable 150kg Industrial Load Rate
- › Large 400mm x 660mm anti slip work platform for a secure work area
- › Anti-slip rubber feet for maximum grip on any surface
- › 800mm handrail height from platform
- › ALGA spreader bar system for a simpler, stronger and safer ladder.
- › Conforms to the latest Singapore Standards SS-EN131
