Front frame section mm 80x25 (new profile)  
Back section mm 50x25

**On request:**

- 4WD (4 wheels with 4 self-breaking wheels)

**On request: 4WD with 4 self-breaking wheels.** It becomes operative, thanks to a spring, when the ladder is in working position and the user climbs the ladder. When the operator goes down, the braking system is no more operative and the ladder can be easily moved.
