NEW

Mac 3

Multipurpose aluminium handtruck. Professional handtruck in light extruded aluminium convertible in 3 different positions of use:
1) on 4 wheels with folded platform for bulky loads
2) on 4 wheels with open platform for heavy loads
3) on 2 wheels for every kind of loads

It has conversion handles to switch positions with a hand, without using tools or hooks. Equipped with 2 punture proof wheels Ø 260 mm with plastic hub and roller bearings, 2 rotating wheels Ø 100 mm, 2 wheel supports, a load platform (48 x 26 cm) and frame reinforcements in extruded and ribbed alluminium.

- Continuous ergonomic handle with secure grip even with one single hand and with better leverage effect (overprinted handle)
- Quick one-hand conversion knobs to change position without using plugs, tools or hooks and with a free hand.

- Material: aluminum
- Color: aluminum
- Solid anti-puncture wheels
- Hub: plastic roller bearings
